

Large numbers of motorhomes coming to Mull can create difficulties on our narrow roads and parking places. So please:

- Camp only at the appropriate camp sites on the map overleaf.
- Plan ahead – contact the site prior to arrival to ensure there is space for you.
- Please do **NOT** empty chemical toilet waste anywhere except at the waste disposal sites shown overleaf. Public toilets are not suitable locations.
- Do not start fires unless in an approved area.
- Please clear litter, even if it's not yours.
- Respect our wildlife and environment.
- Do not obstruct entrances, passing places or homes.
- Beware of soft verges and stay on tarmac.
- Drive as slowly as you wish, but please let traffic behind pass you.

In particular, please note that there is no such thing as “wild camping” in Scotland in a motorhome or campervan. The Scottish Outdoor Access Code specifically excludes motorised access. This means that if you are parking in an area out-with established campsites you do not have permission to stay there and you may be asked to leave by the landowner.

A Guide for Campervans and Motorhomes on Mull

COVID 19 GUIDANCE

- Ensure you have a pitch booked each night.
- Observe social distancing rules (2 metres in Scotland).
- Wash or sanitise your hands regularly.
- Face coverings mandatory indoors and on the ferry.
- Please observe all requested procedures in shops and public spaces.
- Try to avoid busy places, and be particularly careful if you can't.
